It's FREE of Charge!

The banner features a woman in a blue blazer sitting and working on a laptop, with a blurred cityscape in the background. The text is overlaid on the left side of the image.

IICS: Cloud Data Integration Services

onDemand | Cloud / iPaaS | Self-Paced | Release 41

[ENROLL NOW](#)

Course Overview

This course is applicable to Release 41. Learn the fundamentals of Informatica Intelligent Cloud Services (IICS) including the architecture and data integration features, synchronization tasks, cloud mapping designer, masking tasks, and replication tasks. This course enables you to operate and manage user security, secure agents, and monitor tasks and resources in IICS.

Important note regarding this onDemand course: Many students will need their personal laptop/PC to set up the lab environment and perform lab exercises. Laptops provided by your employer may not allow downloading external tools. To execute labs in full, students need to download and install the following tools. See Agenda below to view more.

Frequently Asked Questions (FAQ)

1. How do I enrol for Associate Segment?

Use the Registration Link for Associate Segment - [LINK](#)

2. When can I take the Foundation segment?

The new IDMC Foundation Segment will be available in Q2 2023. The session link will be sent to all participants who attend Associate Segment.

Note, the Foundation Segment will be run as an online launch followed by onDemand replay option for registered participants.

3. Do I get a certificate and Badge after Associate Segment?

On successful completion of the Associate Segment (including the exam), participants will receive certificate and badge.

4. If I miss attending the live sessions, can I watch them onDemand?

Yes, all the live sessions will be available onDemand.

4. What credentials do I need to access Associate EXAM and the Informatica University training presented in this document (part of the IDMC bootcamp)?

You can access using your PARC credentials or IU account. If you don't have any of these options, please review "PARC_ACCESS_And_Requests" document.

5. Who can I reach out to for any queries?

During the Associate Segment session, you can post questions in the Q&A chat box, which will be answered by the Partner Technical team within 3 business days.

For any other general questions related to IDMC bootcamp reach out to [DL - Partner support CDI bootcamp](#)
PartnersupportCDIbootcamp@informatica.com. Please consider that questions will be answered based on priority within 3-4 business days.
