Customer	Opportunity	Revenue	Head Count
BOEHRINGER	BI MEDEX		20+ FTE
OBE (OldCastle Building Envelope)	Data Initiative	T&M	3+ from EDM, 14+ I&D
Honeywell – Pipeline	Planview Integration		POD Model 6+ FTE to start

Client Appreciations

Customer	Project	Team	Context
I&D UK region	1. P4D 2. HCP to SPO	Network Rail	Delivered P4D project & went live with m66 achievement in Dec 2021. Received appreciation email from client for the same. Achieved the weekly HCP to SPO load target on time after doing lot of performance optimization.
GE Capital - NALH	LDTI	Mary Deepthi Subin	Brandon Mayer (CIO/COO of NALH-GE) had a requirement to automate a process which had multiple manual interventions and various Source File systems. Deepthi had designed and created the first version of a set of Informatica jobs which would achieve this automation and designed through Informatica in a quick turn-around time. Client has appreciated her in all hand meeting, 1st ever such for contractor resource.
BSH Hausgeräte GmbH	BSH-MDM-2021-TM (MDM STIBO)	Ferry Sharda	She received ACE (Achievement in Customer Excellence) award
Baker Hughes	BH DevOps	Damodar Mandala and Supply Chain DevOps Team	Baker Hughes supply chain program Leadership team appreciated the efforts of Capgemini I&D team who brought innovative solutions on table and supported users as well as platform teams for smooth closure of both their Q3 Quarter and Y2021 yearend closure with minimal impact.

Special Thanks to L1/L2 Panels
